

## ALUMNI WIN NATIONAL AWARD

The Bryan College Alumni Association has won national recognition for year-to-year improvement in financial support of the college. Last year Bryan alumni were finalists in the judging, which placed us in the top twenty-two percent of all colleges, universities and independent schools in the United States.

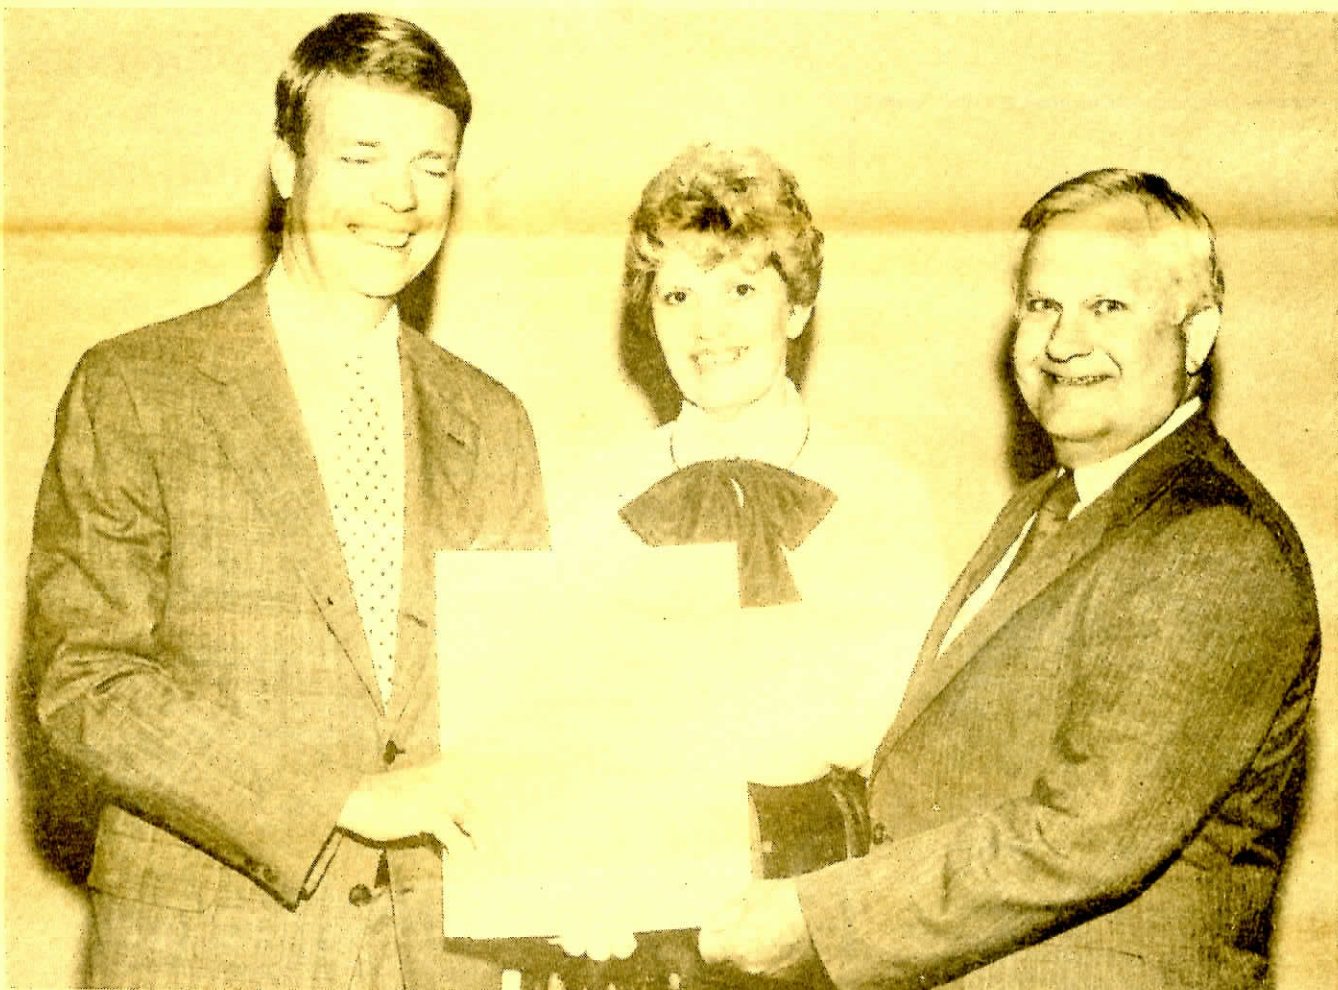

Bryan received the honorable mention award in the Improvement category. It was the second consecutive year that we have qualified as a finalist in that category. Our first year's recognition was based on an increase in percentage of alumni donors to the annual fund from 10.6%, in 1983, to 13% in 1984. We received the honorable mention award the next year when the number of alumni donors jumped to 21% of our alumni.

In this year's program 1,550 institutions submitted the required information on their annual fund raising programs. Out of that number, 268 were evaluated as finalists, and out of those finalists, 47 received awards. That means our Alumni Association is in the top three percent of the 1,550 competing schools.

It should be noted that judging is based on alumni support of Bryan's annual fund, or operating budget. Bryan's alumni have always shown strong support for capital projects. For example, over half of our alumni contributed to the Rudd Memorial Chapel fund drive in the early 1970s.

Year	Percentage of alumni contributing	Alumni \$s to operating	Alumni \$s for all purposes
1985-86	30%	136,273	159,845
1984-85	21%	120,770	149,008
1983-84	13%	75,899	104,964
1982-83	10.6%	46,635	85,585
1981-82	10%	51,201	98,370

Alumni giving for past five years

CASE president, James L. Fisher, left, presenting certificate and award check to Mr. and Mrs. Robert E. "Tex" Williams at the CASE National Assembly which met in San Antonio, Texas, on July 15.

Tex and Lavana are Bryan graduates of the classes of 1952 and 1950, respectively. Active members of the Alumni Association, they represented Bryan at the awards ceremony.

Alumni president Larry Puckett '73 has stated that a viable goal for our association is to have at least fifty percent of our alumni contributing annually to Bryan's operating expenses. Bryan alumni are moving steadily toward that goal. Figures just released

this summer for the past fiscal year show that thirty percent of our alumni body made a financial gift to the 1985-86 operating fund. Fifty percent participa-

tion would place Bryan in the top twenty-five colleges and universities in the United States in a current comparative study of alumni support.

### Great Is Thy Faithfulness

This great hymn of the faith was the traditional Bryan hymn in the early days of William Jennings Bryan "University," and is still thought of as the theme of Bryan's history. When we have something to thank our Lord especially for, this hymn of praise immediately comes to mind and is sung.

The achievement of the Alumni Association in earning the CASE-U.S. Steel Alumni Giving Incentive recognition is just another reminder of God's faithfulness in sustaining this unique college that was born in the depths of the Great Depression, and grew through the ordeal of those difficult years.

During each of Bryan's fifty-six years of existence God has demonstrated His faithfulness. This demonstration has come most often through the faithfulness of the Lord's people. There have always been the faithful few. As we look to the future in these challenging days for Christian liberal arts education, let us petition our faithful God to increase even more the numbers of faithful people who support His work on Bryan Hill.

### "Continuing the Good Work"— Homecoming '86 Theme.

Homecoming '86 will be the most historic event in the last thirty years on Bryan's campus as we inaugurate the fifth president of Bryan College, Dr. Kenneth G. Hanna. The theme for this year's Homecoming is taken from Philippians 1:6: "Being confident of this very thing, that He which hath begun a good work in you will perform it until the day of Jesus Christ."

Not only was this our late president's life's verse, but the theme has been chosen by the Alumni Executive Committee as an encouragement for Dr. Hanna and his administration as they exercise leadership for Bryan in the future. Besides being our Homecoming '86 theme, it is also our prayer for the coming years that God will continue His good work on Bryan Hill.

### Alumni Volunteer Recruiters— "Lion Hunters"

Recruitment of new students is the number one challenge at virtually every college and university in America, whether public or private. Dr. Hanna has already declared recruitment of students the top priority at Bryan.

As part of the new initiative in student recruiting your Alumni Association, in cooperation with Bryan's Admissions Department, is looking for alumni volunteer recruiters—"Lion Hunters," if you will. Alumni know Bryan College well enough to choose and help recruit the young people who are the qualified students that Bryan needs.

During this academic year, beginning right now, we are looking for alumni recruiters. If you are interested in becoming a Lion Hunter, just call the Alumni Office at 615-775-2041, or write to me in care of Alumni Office, Bryan College, Box 7000, Dayton, TN 37321.

An Open Letter to Bryan Alumni,

In the past few months there have been several reports on the National and Local News concerning the health and stability of the small college in America. Most of these reports conclude the same way; saying that America is about to see the end of the small college and university. It has been said that any college of less than one thousand students will be closed before 1990. The reasons for these predictions are mainly financial. It is assumed that the rising costs of utilities, salaries, insurance, and other operating expenses can only drive up the tuition thereby running off prospective students, which will result in a school that is, at best, hanging on rather than stepping forward.

We therefore, the alumni of Bryan College have a responsibility to see to it that this would never even be a threat to our Alma Mater. If every Alumnus of Bryan, that could, would give just ten dollars per month support I would assume, for the sake of argument, that almost all needs would vanish away. Perhaps we ought to pray to that end. God used Bryan College in our lives, now perhaps God can use us in the life of Bryan College.

In Christ's Service,

*Joseph E. Brewer*

## 5 Ways An Alumnus Can Help His College

by David C. Egner '61

Sometimes alumni wonder what they can do for their college or university. They know schools always need money, but they wonder if there are other things they can do for their alma mater. Here are five suggestions.

1. **Talk About Your School.** One of the best ways an alumnus

can help his school is to talk about it. When discussions about higher education take place, talk about your college. Let a little pride come into your voice. Express your gratitude for the good things that have come into your life as a result of attending your college.

Sometimes people have some negative feelings when they leave a school. Usually, however,

those feelings leave quite soon. Before long, a sense of pride takes their place. You remember the professors who meant a lot to you and the experiences that were typical of the school and that are precious memories to you now. It will help the college if you will talk about it with your friends and acquaintances.

2. **Recruit Students.** Look around you at some of the young people you know or who attend your church. Think about which ones might fit in well with your alma mater. Then find an opportunity to tell them about your school. It would be a good idea to have a current catalog and some literature about the school on hand. Be familiar with its majors, strengths, programs, and costs.

3. **Bring Young People to Visit.** Perhaps the most effective way to acquaint young people with the college and encourage them to attend is to bring them onto the campus. My daughter Ann decided, at age 11, that she would attend Bryan when we stopped by the campus for a brief visit. There is something about seeing the classrooms and meeting some of the students that attracts a teenager to a college.

3. **Bring in Representatives.** If it's impossible to get people to the college, then maybe you can get the college to the people. If the school has regional banquets or meetings, sponsor one in

your area. If it has musical groups that perform in churches or at special occasions, encourage the pastor to invite them for a Sunday service or banquet. If it sends out speakers or representatives, try to get one of them into your area. Having someone from the school come into your church or community is a good way to promote its programs.

5. **Be Supportive. Pray for your college.** That's the kind of support it needs the most. Ask God to guide its administrators and strengthen its faculty. Intercede on behalf of its staff and the student body. Your continued prayers may lead you to other ways you can support your alma mater.

The private Christian education movement is under severe stress throughout the country. Predictions are that some schools will not survive. The schools need everyone's help and support if they are going to make it. Perhaps one or more of these suggestions will show you something specific you can do to help your college.

David Egner, 1985 Alumnus-of-the-Year, and Senior Writer for Radio Bible Class, has practiced all five points, along with his wife, Shirley.

Alumni recruiters Ted Meberg '71 and his wife Beverly, visited campus recently to reap the rewards of their successful recruiting efforts.

# News From Our Alumni Missionaries

Ever since Ralph '38 and Rebecca '38 Toliver went to the mission field, a steady stream of Bryan alumni has flowed into the Lord's work in missions. From the class of '38 through the class of '85 more than 210 alumni now serve as missionaries.

The Alumni Office receives the monthly or quarterly prayer letter of nearly all these missionaries. Rebecca (Peck) Hoyt '40, who is now retired from her position at Bryan as Alumni Corresponding Secretary, writes to all our alumni missionaries each year during the Christmas season. She also reads all their prayer letters, and sees that the picture and latest news from each of them are displayed in the north hallway of the Administration building here on campus.

This column of alumni missionary news has been compiled by Rebecca Hoyt and will be featured in each issue of *The Bryanette* so that news from all of our missionaries can be published at least once each year.

**Fred x'47** and **Betty Manning** wrote their last prayer and report letter last spring since they expected to complete their two and one-half years' stay in Lamco-Yekapa, Liberia. Betty is continuing her academy duties and teaching a literacy class for women at a local church. She assisted several days in the correspondence department of the Bible College by Radio program. They recently had responses from Ethiopia, India, and Malaysia in addition to several countries in West Africa. They were scheduled to leave Liberia in June after Africa Bible College graduation.

The Good News Baptist Church in Campanas was organized on March 22 with 38 charter members and a Brazilian pastor who had been serving as co-pastor with Dale until their mini-furlough in July. The Faith Baptist Church in Santo Antnio do Ica in Amazonas was one that they left 13 years ago, but they returned during Easter week to hold an inauguration conference to celebrate the completion of a new brick building to replace the old wooden structure which the Paynes had helped to build. ## Alumni Directory To Be Published

BRYAN COLLEGE is pleased to announce the publication of a comprehensive biographical reference volume which will be available for distribution in early April, 1987. The directory will list all known, living alumni alphabetically, geographically, and by class year.

The directory, our first since 1983, will include your full name, occupation, business and home addresses, and business and home telephone numbers.

In early October, 1986 alumni will receive a biographical update questionnaire to be completed and returned to the alumni directory publisher. Individuals wishing to reserve their personal copy will be given the opportunity to purchase either a hardbound or softbound edition. It is imperative to our project that you complete and return these forms as soon as you receive them.

The directory will be made available only to the alumni of BRYAN COLLEGE. The directory will tell you what your former classmates and old friends are doing, where they work and live, and how to contact them by phone or mail. The geographical index will tell you which alumni are located in your own area, and will be a useful aid in contacting former classmates when traveling.

The new directory will have a LIMITED PRINTING—only those directories ordered in advance will be printed. Watch your mail for your personalized biographical update and reservation form, which will be sent to you by our publisher, Carleton Graphics, P. O. Box 4427, South Bend, Indiana 46634.

Your participation in this program is vital to the success of this project. Upon receipt of your questionnaire, please complete your personal biographical form, fill out the order card, and return them in the enclosed business envelope.

Thank you in advance for your assistance and cooperation on this project.
